

Distribution of Agri-inputs under the Tribal Sub-plan (T.S.P.)

Taldangra, Bankura, 10th September, 2021

A distribution programme of various Agricultural inputs to the Tribal Farmers took place on 11th September, 2021 (Saturday) at Horticultural Research and Development Farm, Taldangra, Bankura. This was done under the financial support of Tribal Sub-Plan of I.C.A.R.-National Research Centre for Grapes, Pune, Govt. of India and the Department of Food Processing Industries & Horticulture, Govt. of West Bengal. Forty nine Tribal Farmers were given a package of fertilizers (10:26:26 and Urea), micro-nutrient (Boron 10.5%), fungicide (Hexaconazole 5% EC), insecticide (Chloropyriphos 50% + Cypermethrin 5% SC) and herbicide (Pretilachlor 50% EC). This programme was successfully conducted, with full adherence of COVID-19 protocol, under the strict supervision of Dr. Rajib Das, ADH, HRDF, Taldangra

Distribution of fertilizer and pesticides to the farmers of Taldanga, Bankura
